# PRODUCTS

## I. Glass Façade Systems:

- Aluminum Frames & Glass Panels.
- Spider System.

## II. Glass Wall Systems:

- Custom Offices Partition Systems.
- Folding Systems.
- Shower Glass Systems.

## III. Sliding Doors Systems:

- Automatic Doors.
- Full-featured, multifunction sliding door system.
- Manual Sliding Door Systems.

## I. Railing & balustrades Glass Systems.

## I. Pivot Doors Systems.

# Glass Facade Systems

## Aluminum Frames & Glass Panels – Spider System

Modern facade systems in aluminum have high energy efficiency and long service life. Our systems selection gives architects and builders a new dimension of creative freedom.

Spider glazing offers maximum transparency and ensures the entry of natural light into the building interiors. Therefore, spider-glazing curtain walls are widely used to provide daylight to commercial buildings. Being visually attractive, they are also used to create quality building skins.

# Glass Walls Systems - Custom Offices Partition Systems

Glass Partitions Walls Systems are becoming increasingly common in offices today enabling privacy & concentration. They further save valuable space & when used with the right material look incredible.

It facilitates cubicle privacy, noise reduction, and effective space utilization. For usage in offices, hospitals, schools, stores, or any place where private space is required, we provide Office Partition Wall solutions. Be it Aluminum Finish, Glass partitions or Frameless Glass partitions, Office Room Dividers, or Mobile Dividers, we have it all.

# Glass Walls Systems - Folding Systems

Folding wall and partition systems that provide openness and functionality while filling spaces with light. The continuously-hinged sliding panel system offers easy setup and manual operation. Folding glass wall panels can be stacked on the centerline or perpendicular to it to allow for a clean look, whether extended or retracted.

# Glass Walls Systems - Multiple Glass Shower Door/Partition Systems

Glass shower screen or freestanding shower screen. Make a custom shower glass of any size or shape and then add our top-quality shower fittings. Including shower hinges, shower screen support bars or arms, and shower glass U-channel.

# Sliding Doors Systems

## Automatic Doors

Accessibility, with diverse functions and an elegant design, we all expect this from automatic sliding doors. They create convenient access points with maximum safety standards. Sustainable Works automatic sliding door systems are made of glass, and varies choices of aluminum finishes.

# Sliding Doors Systems

Full-featured, multifunction sliding door system

Designed to work with wood, glass, and other types of door materials. The elegant machinery is hidden from view with the user-friendly customization choices.

# Sliding Doors Systems

## Manual Sliding Door Systems

Feature an aluminum track that is light, yet rugged, and resistant to twisting. It can be fixed directly to the ceiling or wall. The convex rail surface prevents dust and dirt from collecting.

Uses single point stainless steel fittings to showcase the beauty of tempered glass construction. Work environments today require open space and light. Designers and architects alike prefer the flexibility that glass partitions and doors provide.

# Railing & balustrades Glass Systems

## Multiple Glass and Fittings Options

We offer support and technical advice in design and construction of parapets, railings and balustrades in glass, sheet metal or other materials. Maximum safety, maximum transparency, quick and easy assembly and an aesthetic result ideal for the world of contemporary architecture.

# Pivot Doors

## Customized Finishes Pivot Doors

We provide pivot doors, that are in essence, a movable extension of their immediate surroundings. Its opening options heighten the awe when seeing the structure disassociate itself from the wall's surface, and the ease of its movement deserves praise as well. It symbolizes how a space feels welcoming as it leaves open to invite you in. This is the level of inventiveness ingrained in our Pivot Doors Solutions.
